FARM FOR SALE.

JOHN CLARK FARM, Containing about three hundred and fifty acres of land; two dwelling houses, three barns and two tenant houses, near the railroad track. The tenant houses are new. The large farin house has been thoroughly repaired and painted, with new peazrs in front and end, new tront rence, all in the most substantial and tasterul manner, making it a desirable residence. Nearly three-fourths of a mile of new water pipe from a never-failing fountain supplies all the premises.

out a large amount of hay and grain the past
two years, which has been brought on the

It is not merely the multiplicity of tints, the gladness of tone, or the balminess of the air which delight in the spring; it is the still consecrated spirit of hope, the present still conse prosecuted for every offence.
